RE: Phone Conversation Documentation, Jumbo Mining Company,
Alto-Ibex Mines, M/023/013, Juab County, Utah

On January 18, 1989, Mr. Ed King of Jumbo Mining Company (Jumbo) called the Division requesting a two-week extension to provide a response to the Division's December 6, 1988 technical review of the Alto-Ibex N.O.I. application. January 15, 1989 was the original date requested by the Division for receipt of Jumbo's technical response. Mr. King explained that he had been out of town for the last couple of weeks acquiring and assembling information to submit as part of the technical response. I indicated that a two-week extension would be acceptable to the Division. Mr. King indicated that he would have the technical review response into the Division by the end of January 1989.
